To whom it may concern:

I am writing on behalf of Bhagwan Shree Rajneesh.

I have known of his existence since 1976. There are over fifty published books of his work and over 300,000 disciples throughout the world. He is a true enlightened master.

In my professional opinion and in very simple terms, he is the greatest therapist and psychologist in the world. I have personally witnessed thousands of people experience positive transformations as a result of his teachings and work. These people have been transformed from misery to happiness, from being incapacitated to productivity, from hate to love.

This man is of such immense value to our country, culture and society that it would be a tragic error were he not permitted to remain in America.

Sincerely,

Leonard A. Licht, Ph.D.
