

Gent, 18th July 1983.

To whom it may concern,

I am a medical doctor. I have been working since three years in the psychiatric field as an individual counselor and a relationship therapist.

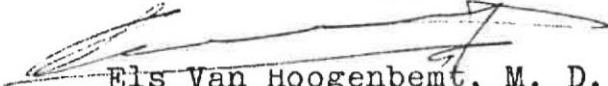

I came in contact with the person of Bhagwan Shree Rajneesh through the publications of Jan Foudraine, A famous psychiatrist in Holland.

Since then I came to know the insights of Bhagwan Shree Rajneesh in this field through his books and through video- and audiotapes.

His view on psychic health and on the growth of human consciousness have been of tremendous impact on my work.

Rajneesh International Meditation University offers a wide variety of outstanding personal growth programs, while many of Bhagwan Shree Rajneesh' meditation techniques are being used in therapeutic communities and individualtherapeutic programs throughout Belgium and other western European countries.

Yours sincerely,

Els Van Hoogenbemt, M. D.
