To whom it may concern.

In my capacity as an actor, comedian, director and writer with many years of varied experience in stage, radio and television productions I would like to share my views about Bhagwan Shree Rajneesh.

I feel he is one of the most important and influential spiritual leader during the history of humanity.

His wisdom, his insight, his sense of humor and his deep understanding of the dilemma of modern man are just some of the reasons serving to justify the esteem in which I hold him.

I first met him in Poona, India in 1979 and since then he has been a constant and profound source of inspiration to me in all aspects of my professional and private life.

Certainly, without his guidance, my creative abilities would be all the poorer; without my participation in the various expression-groups, meditations etc, devised by him I would not have enjoyed the professional success that I have hitherto.

Yours faithfully
