TO WHOM IT MAY CONCERN

Since 1977 I live in Berlin. I studied academic paintings and graphic design at the University of art where I mastered in both subjects. Today I work and live as an independent painter as well as a free-lance designer in Berlin, where I got well known through several spectacular exhibitions. Since two years I am a Sannyasin, a disciple of Bhagwan Shree Rajneesh. Since then my work has changed drastically. I just find a wonderful Leader through Bhagwan, but a genius spiritual father with who's guidance

I conquer all aspects of my life.

I'm very thankful for his very special help for me and I am full of love, both which I couldn't have said to any other teacher I have met before.
