Seattle, WA 98102 USA

23 July 83

RINGAI

Dear Sir:

10 years ago Rajneesh published three books, each commenting on my certainly religious work, CENTERING, the last chapter in my book, ZEN FLESH ZEN BONES now having sold over 200,000 copies in Doubleday paperback and Tuttle Co. hardbound editions.

Rajneesh is certainly a religious man, an intelligent human and one of those rare humans expressing himself with joy.

Yours sincerely,

A handwritten signature in dark ink, appearing to read 'Reps', with a long vertical line extending downwards from the end of the signature.
