To whom it may concern.

A brief introduction by
the writer:

I am British, the Theatre is
my profession, and having
married a Dane, have
lived in Denmark for
more than thirty-five years.
I am the Stage Director at
the Royal Theatre in Cope-
hagen, Denmark, and have
been decorated by the Dan-
ish Queen for my services to
Danish Theatre.

I had heard of Bagwan
Shree Ranjnesh and his
teachings, through my son
and friends in various
countries which I had visit-
ed with my son in
Poona, India, some three, four
years ago, and I was invited
to be a guest at the Ashram

To attend the lectures etc.. (3

You know, of course, of Baqwan's academic and intellectual successes, and achievements, but there is much more than this.

He is able to present a philosophy of life, in such terms that the deep underlying principles become simple and clear. He can evaluate, add subtract; offer so much to understanding, and leave you to make your own decision.

Only a brilliant mind can do this: Such people are rare indeed.

It is incredible the feeling of personal contact when he talks. (Many actions would like to do the same!!)

I feel sure that any
country would be glad to
have someone who can give
so much intellectual and
spiritual happiness, in our
troubled world.

Yours sincerely,
