TO WHOM IT MAY CONCERN

I have come to know that the Immigration and Naturalization Service denied the request for permanent residency of Bhagwan Shree Rajneesh in the USA.

My feeling is that it would be a great loss to this country not to have the world's greatest religious teacher and only living enlightened master living here. His contributions in the fields of religion, philosophy and psychology are outstanding.

Personally I have experienced such an enrichment and support in my life since I first met him that I was able to start a brand new successful career as a self-taught video-engineer after finishing university with a degree in psychology. Everything I have started in my life since I became a sannyasin - a disciple of Bhagwan Shree Rajneesh - was a success. All these activities seemed to be blessed by His energy!

I really would like to see as many citizens of the great nation of the U.S. as possible benefitting from His work and be enabled to find a new perspective of love, peace, and freedom to their lives too by having Bhagwan Shree Rajneesh stay in the USA as a bona fide religious teacher.

Sincerely yours,

Harald Drewes
