To Whom it May Concern:

I have been acquainted with the work of Tagman, through his writings, for the past three years. There is no doubt in my mind that he is an extraordinary man and a teacher/philosopher of the highest order. He is a strong and effective force for self-realization for many people like myself who are not active disciples but who are interested in a satisfying life for themselves and their families.

I am a real estate developer in Princeton, a Democratic committee woman and active in various arts organizations
