To whom it may concern:

I am a neuroscientist and full Professor at the University of Pennsylvania. Several years ago I learned of the teachings of Bhagwan Shree Rajneesh from one of my close contemporaries who had become a Sanyasin and I have read some of Bhagwan's writings. I view Bhagwan as a man of exceptional ability as an educator and a spiritual leader. He is making important contributions to the culture of the United States and should certainly be permitted to reside in this country.

Sincerely,
Peter S. Enten, Ph.D.
Professor
