

To Whom It May Concern,

I am currently a student at Stephen F. Austin State University in Texas. My name is Larry Hauck.

I was introduced to Bhagwan Rajneesh's books that were given to me by friends of my parents.

I feel Bhagwan's books are extremely intelligent. Bhagwan has over 300 books full of beautiful insights into the life of man. I feel his presence in America is undoubtedly a blessing to all of us who live here.
