Dear Sir,

I am a teacher with about thirty years of teaching experience. A sudden death in my family shocked me so much that I became utterly depressed and bitter.

At this time, I came across Bhagwan Shree Rajneesh through books and tapes. Soon I started meditating. Bhagwan's books, together with meditation, helped me to move away ~~at~~ from pain. I became a better teacher than before, and my relationship with everybody changed for the better.

I feel like sharing Him with the whole world. If he is allowed to create a Buddhafield at Rajneeshpuram, He will be able to help all of us. America has always been a leading country as far as technology goes. It seems Existence

wants America to be the first country
from which an international religion
which unites thousands of human beings in
love can start. This can happen only
through Bhagwan Shree Rajneesh and his
Buddhagfield at Rajneeshpuram. Please consider
this and help us. Lots of Love

Ma Prem Sadguni
