

GEMEENTERAAD

TO WHOM IT MAY CONCERN

Let me present myself. I am a 42 year old Belgian man, counsellor of the city council of Mechelen (A town of 78,000 inhabitants) where I have been seating for the Christian Democratic Party since 1976.

At the same time I was a member of the Private secretariate of Minister Jos De Saeger, Minister of Public Developments for 8.5 years, and for 1 year I worked at the private secretariate of Mrs. Verlackt, secretary of Public Health and family. Now I am an administrative officer at the Ministry of Public Developments.

Learning to know Bhagwan Shree Rajneesh and his teachings my life was totally changed. I feel myself more responsible, more peaceful and more assertive than before. I think that in the United States my Master Bhagwan Shree Rajneesh has by far the best possibilities to help me in my growth. Therefor I beg you to give him the change to stay in the United States and to continue his work.

Respectfully yours
