

To whom it may concern,

My name is Weldon Rogers, presently employed as a tennis instructor at Doral Country Club, Miami, Florida, and a graduate of Brown University (B.A. Political Science). I am writing to request that all possible measures be employed to allow Bagwan Shree Rajneesh to stay in the United States. It is a source of great pride to me that so many of the great thinkers such as Bagwan are attracted to the cultural & intellectual climate of freedom & excellence we have created in America. Bagwan is certainly a pioneer thinker in the psychology of the development of human potential. His books & tapes have greatly assisted my own psychological & spiritual growth, & his philosophy has given me inspiration during some of my most difficult personal trials. In the interest of myself & others, & our continued leadership culturally, intellectual & spiritually, I make my request.

Sincerely,
Weldon Rogers
