Dear Rinzai,

It has been brought to my attention through my daughter that Bhagwan possibility may not be able to stay in the United States.

His remarkable abilities and insight should not color the opinions of jealous people who do not understand.

It is people like Bhagwan who make us think and from our thoughts come activities which in the long run pay taxes. Without the beginning we have nothing to pay.

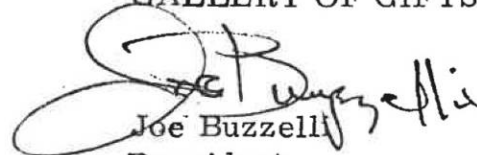

Selfishly we would benefit from this religious man who brings his knowledge to our Country.

Please do all you can to keep him in our Country and safe in our Country.

Thank you.

Sincerely,
