TO WHOM IT MAY CONCERN

My name is Anupo Le Faucheur.

I hold an Associateship in Social Work from the Western Australian Institute of Technology. I have had 3 years experience in the field of social work in the Department of Corrections (prisons system) in Western Australia. I would like to express to you the fact that I am extremely grateful for the understanding and guidance I have gained from reading the religious books and listening to the tapes of Bhagwan Shree Rajneesh and sitting with Him in silence. Although I have completed a course in social work which included a wide range of humanities subjects I felt my vision was very narrow until I was introduced to Bhagwan's works. His meditation techniques have assisted greatly in the work I have done in the prisons system. My perception of the prisons system changed when I read a statement of Bhagwan's saying that imprisonment can provide a tremendous opportunity for meditation. His concepts are greater to me than any other psychologist or any writer at all, for that matter, I have ever come in contact with.

Yours faithfully,

Anupo Le Faucheur
