To whom it may Concern

Even after being with Bhagwan Rajneesh for the last 5 years, it is very difficult for me to put into words the exceptional, yet subtle, effect this beautiful man has had on me, and thousands of others around me.

As a mother of 2, a world traveller, a graduate of business college, and a long term veterinary nurse, I can say that through all my experience nothing has touched me in such a way as Bhagwan. His vision, His meditation, His silence, His incredible Being, have given me a different insight into life, an incredible sense of loving gratitude and awareness that just doesn't exist elsewhere.

Since I have been a Sanyasin there has been a noticeable change in my life and work. I find that the enjoyment of being a mother has increased tremendously! Not only in the way I care for my children, but also in the way my children respond. A centeredness and playfulness emerge with just about everything we do together since Bhagwan entered our life.

To visit Rajneeshpuram is quite amazing. The energy that abounds there is quite apparently different from the world outside as we know it.

Things happen differently there in the way that a loving,

aware attitude pervades everything. whether it be in the building of Shopping malls, cleaning houses, answering telephones or milking cows, He inspires us to enjoy every aspect of Life.

The way in which Sonnyadas work is truly amazing, it is definitely an indication of His powerful influence, His exceptional ability as a Religious Leader to inspire such outstanding and healthy values in the people around Him.

I feel it is of tremendous importance to the USA, and the world, that this man be recognized for what He is.

This man of exceptional ability as a Religious Leader should be welcomed to the USA so that we all will be benefited by His presence and truth.

Sincerely Yours

ma Veet Dharmo
