TO WHOM IT MAY CONCERN

Dear Sir,

I would like to write to you about my background and my attitude towards Bhagwan Shree Rajneesh. I'm not one of his disciples.

I am a technical engineer with a degree from Bremerhaven High School. I have been working with Krupp company for two years.

In 1978 I heard about the teachings of Bhagwan and Poona for the first time by reading newspaper articles. Since then I have read many books by Bhagwan and have heard several lectures on tape. In my opinion, Bhagwan is one of the greatest authorities on human psychology and philosophy.

Since I visited Rajneeshpuram in Oregon, I am convinced that Bhagwan encourages a lot of creativity with the disciples there and all over the world, simply through his silent presence.

Very truly yours,

Ekkehard Gérard
