

Dear Sir,

Swami Veelocharm
(M.J.C. van der Elshout)
Havenstraat 6
Amsterdam - Holland

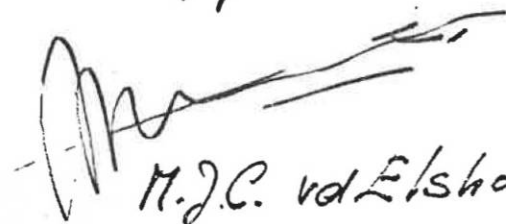

Since five years I am a qualified physio-
therapist, I studied acupressure at the NIPPON
academy and for 3 years I follow a course in
acupuncture

The teaching and meditation of Bhagwa
Shree Rajneesh did completely change my
approach towards mankind and the illnesses
of them in particular.

Almost everybody now agrees in the fact that
the main cause of all kind of illnesses is founded
in psychological traumas and stresses, but I
never came across such a totally vision of
mankind and his sorrows, stresses and illnesses
as when I read the books of Bhagwa Shree Rajneesh

Now He is in silence and ~~more~~ even more than
before I feel what he tried to say us during
his ten years of ~~of~~ daily discourses

Sincerely,

M.J.C. van der Elshout
