To whom it may concern

I'm amazed that the JUS still refer to accept Bhagwan Sri Rajivshivanam as an Enlightened Master. Maybe the word is not interested in religion and spirituality at all and therefore can't get along with terms as "enlightened".

Maybe you should ask one of the 250000-300000 disciples from all over the world.

So ask me: Born in an established German family in 1958, I had a commercial profession in a great travel agency before I began my studying psychology at the University of Hammock. Since I'm at University I was searching around for a therapy training but I was not really satisfied with all these wellknown kinds of therapy which were offered. In Jan 1982 a friend

of mine took me to the meditation
Centre of the samyasa of Hamore.
I got to know the different meditation
techniques and more and more I got
interested in the teachings of Bhagwan
Sree Rajneesh. Last year I went to

the festival to Rajneeshpuram to spend
some days in Bhagwan's presence, -

I found what I'm searching for and
at the 7th of July '82 I took Samyas.

So - I am one of 300 000 of his
disciples and you still deny that Bhagwan
is a person of exceptional ability.

Have a look on the desert of the Big
Huddy Ranch which changed within two
years to an oasis. Have a look to the
uncountable meditation centres, health
centres, restaurant, seats of Samyasa's
all over the world. Have a look on the
hundred's of Books, - You'd know
someone who else than Bhagwan who
has written so many books. Have a
look on the government, on the TV, on

the newspapers, who are dealing with
Flagman since he is in America. Do you
think the TV, the officials, the newspapers
would spend their time with someone who
is not an extraordinary person, - for two
years?

In a way, the best is not to have a
look, not to be in a watchman's position
but to come to Riquieshperana and to
live here for a while. Hotel Riquiesh
is expecting you.
