Antelope, OR

To whom it may concern,

I am writing as a lover of Bhagwan Shree Rajvesh, a disciple and a member of The commune at Rancho Rajvesh. I came to know of Bhagwan only after he entered silence, and became a disciple after he came to Oregon, now my home.

Bhagwan's love and transformational energy have brought light into my life without speech. His love, emanating from his disciples, was what first attracted me, and his work through meditation caused ~~in me~~ an immediate, personal transformation. Now I meditate with Him 12 hours a day, 7 days a week, and my work is my worship because it is for love of Him, of our commune of his disciples, and life itself. Construction was my occupation before for many years - now it is my joy, because it is in his presence. Sitting with Him at the last festival, I experienced a tremendous explosion of laughter, a feeling of love and joy which I carry with me every moment, as a gift!

To be in his presence is a gift. To have Him live, here, now, is a chance in a lifetime.

With love,
