TO WHOM IT MAY CONCERN

I am happy to be able to visit Bhagwan Shree Rajneesh here in America. I deeply wish that Bhagwan can stay and live here. America is a large and beautiful country. I cannot imagine that there would be a better country for my Master.

Bhagwan Shree Rajneesh is a great teacher and Master; and America needs such exceptional Masters.

I have found peace, love and stillness in myself through Bhagwan. To see Him is utter joy for me. His silence is the deepest meditation I could ever experience.

I sincerely hope that I will be able to visit Bhagwan in America again and again. America is a country of religious freedom. I don't want my trust to be let down.
