To whom it may concern,

I am a retired elementary school teacher, 62 yrs. old and an American citizen since 1947.

I first read the words of Bhagwan Shree Rajneesh in July 1977, & was so drawn to him that I made the journey to India and became a Sannyasin. (a seeker of God). My life and awareness improved considerably since then.

In the past year I have been to Rajneeshpuram four times, for the purpose of being in the energy of my spiritual master. Now I have been here for over 3 months.

Work here is synonymous with worship, which is a beautiful and peaceful way to spend my days.

The presence of Bhagwan Shree Rajneesh makes my work my worship.

I was in Poona India when Bhagwan first went into silence. That was, in fact, more of a religious experience, listening to his silence, than listening to his words.

My psychological health was greatly improved, by my participating in group therapy, specially designed by Bhagwan, & led

by some of the most intelligent & capable therapists in the world today. These meditations, designed by Bhagwan, are world famous, and are of great benefit to whoever participates.

This man cannot be refused the opportunity to live in the United States. He is an intelligent, humane, creative human being, and a religious leader who communicates in silence.

Sincerely

Ma Deva Madhavi
