After I graduated from College, where I majored in journalism, I started to work in a daily paper in Hannover, Germany, as a cup-reporter and junior-editor. After two years I became an editor. I have worked since 1967 in varies fields: as police-reporter, courtreporter, featurewriter and columnist. In the past years I have manly worked as an editor.

As to Mr. Bhagwans influnce on my work I can say that I simply try constantly to be aware of what I am doing instead of doing a routine-job.

I came in contact with Mr. Bhagwans religious teaching trough a number of books (published lectures) by him - which friends of mine had suggested to read.

Aside from being enlightend Mr. Bhagwan is also the most educated and humerus person surely of my lifetime.

With love,

Swami Paritosh
