Dear Sir,

I am writing to support the application for a visa and stay in
the United States of America by Bhagwaan Shree Rajneesh.

I am not his saniyasi - disciple.

I am a trained lawyer and have practised in Mombasa for more than
25 years. In this wonderful town I have lived among peoples of all
relegions.

Three years ago I discovered the writings of Bhagwaan Shree Rajneesh.
I have studied his books. His teachings have made my life more
meaningful, more tolerant, more tranquil and more beautiful.

This great teacher is an asset to any country.

Yours faithfully,

Sadiq
