To whom it may concern —

I am an American citizen resident  
in Edinburgh Scotland for 25 years.  
I write to urge that Bhagwan  
Shree Rajaseesh be permitted to  
reside in the United States.

I have read his books, understood  
his message of love, and have  
seen how that message transform  
lives. I believe that the United  
States should welcome this great

spiritual leader with warmth.

Yours sincerely,  
Jo Ann W Hogg
