Laufenburg 19-7-1983

To whom it may concern,
with great astonishment I heard that Bhagwan Shree Rajneesh is threatened by an expulsion out of the USA.
It seems appropriate to our time that with the growing interest of peaceful and conscious people in the teachings of Bhagwan mass medias, politicians and other institutions are attacking him more and more.
With this letter I beg all those people to stop their attacks, all those who did not yet learn to handle others holding different beliefs without slander and falseness.
We are living in the year 1983 and not 1483.
This cannot be the progress all are talking about.
Bhagwan is one of the few teachers of mankind who serves to the positive consciousness of mankind.
This letter speaks for all people in this world who are prosecuted, tortured, murdered, imprisoned or expelled for their beliefs.
With the hope that mankind will develop to true human beings I send you my cordial greetings,

Axel Dietrich
