MOMBASA.

12th July 1983.

To,

The Officer in Charge,
Visa Section,
Immigration Dept. of U.S.A.

I am a dental Surgeon living in the town of Mombasa, Kenya. I qualified in the year 1974, have practised in various places in the United Kingdom . I have been practising for 5 years in Mombasa.

During this period I came across the Rajnesh foundation in Mombasa. I am not his follower or a disciple but have had the pleasure of reading a number of his books & listened to various lectures on tapes. Both my husband (Mechanical Engineer by profession) & myself have seeked a keen interest in gaining wide knowledge in various relégion of the world & listening to Bhagwan Shree Rajnesh seems to have opened a wider and a broader insight to a number of important points in the path of spiritual knowledge. He has helped in increasing the awareness in much complicated fields such as various techniques of Meditation. Which contribute & give a large Benifit to all types of mankind. He makes a good International Priest & his reachings have much to offer to in general to the whole of Kuman Race. His presence spreads a spiritual fragrance to all.

Yours trueely,

Mr. Mansur Mukadam
Mrs. Mradula Mukadam (B.D.S.)
