To whom it may concern

Just arrived in Rajneeshpuram I feel in Paradise. Why in paradise? There is such a peace everywhere, I never met something else in the world. There is an atmosphere of love everywhere, like in a holy temple. There is no crime, no rape, just friendliness and laughter. It is just fantastic to see how a couple of sannyasins (his disciples) construct a complete town in the desert - a town where you can live very comfortably.

I've heard from Bhagwan four years ago and I was very surprised about his knowledge in science and arts, But it is not his knowledge only, it is his exceptional ability to see things how they are, his infinite love to every one and every thing. For me, he is one of the greatest religious teachers in the world. On the other-hand, if I have a look at his sannyasins, he is one of the greatest teachers in psychology too, I met a lot of

therapists and medecins within his disciples.

I am a secretary as well as a mother and my life changed completely since I met Bhagwan. I started to see things in a positive way and to understand others, and I am now able to fulfill the needs of my son.

So Rajneeshpuram is a place where religion is not only a word, Rajneeshpuram is a place where religion is alive, a place of scientific and religious communication - grace to our teacher Bhagwan Shree Rajneesh and his exceptional abilities.

Very truly yours,

Ma Pooja Rabiya
