To whom it may concern,

Beloved Friend,

I am a Sannyasin, that is a disciple of Bhagwan Shree Rajneesh. I first came in contact with Bhagwan through Sannyasins about 18 months ago. At that time I was in South Germany and I frequently went to the Meditation Centre in the town I was living in. About 3 weeks after my initial contact with the Centre and the Sannyasins there, I participated in a weekend growth workshop and it was during this workshop that I was totally overwhelmed by a strong feeling of having found in Bhagwan Shree Rajneesh the man I could love and trust so completely that I could accept Him as my spiritual teacher, as my Master.

Eventhough I had never seen him , I felt Him so close in that moment and many moments since, as if He was physically present. I felt myself to be immersed in His love and compassion.

Since then I have been twice to Rajneeshpuram in Oregon where Bhagwan is at present living. Both times was on the occasion of the Annual World Celebration, where Bhagwan is present every morning during Satsang. Satsang is a silent Heart to Heart communion between the disciple and the Master. Both years it was an indescribable experience for me to be sitting at the feet of my Master, sharing in the silent outpouring of His love, His joy , His Being, and I have come back from these Celebrations with so much loving energy to do whatever needs to be done , and to pass onto the people I come in contact with.

Bhagwan no longer speaks publicly as he did for many years in Poona when He was laying down the foundations of His teachings, and I personally have never heard Him speak, but during these Satsangs and many other times when I am physically far removed from Him, I have felt His guidance and His love helping me and strengthening me when I have been in need. Just His silent presence has given my life so much joy as I would never have thought possible before I came in contact with this most beautiful of men.

He is my Beloved Master and His silence only serves to connect me more closely with the fragrance of His love and compassion, rather than with words. I am overwhelmed with gratefulness and gratitude that I have been fortunate enough to sit in silence at the feet of my Master, Bhagwan Shree Rajneesh.

Yours Sincerely

Ma Anand Salila
