To Whom it May Concern,

I have been a sannyasin of Bhagwan Shree Rajneesh since February '1982. For me it is perfect that Bhagwan is now in silence. His words on tapes and in books are available to me when I need words. However Bhagwan's silence is for me a key to look more deeply into my own being, not to be always waiting for his words.

I value his presence - with or without words Bhagwan Shree Rajneesh is a rare and precious catalyst for the growth of any human being who is open to him.

Sincerely,

Na Pradulla
