

To whom it may concern

Since two years I am living in Holland in De Stad Rajeesli, Neo-Dungas-Commune. During this time I worshipped in all kind of different ways; some were known from learned professions, others were totally unknown and I had to jump and start fresh. Whatsoever I did the joy and love from Bhagwan has been with me and with the friends around.

The peak of this worshipping and celebrating together is our every years festival in Rajeesli puram. We are now three weeks back from the second annual world celebration where we met all our old friends from all over the world and where we were all together melting into the presence and love of our beloved Master, Bhagwan Shree Rajeesli.

Hardly to describe how it feels when 15000 hearts are thrilled in seeing Him, feeling Him, - no words ever can describe it. We all just fall into this sweet silence, where we are all one with Him and yet totally alone.

Now back in Holland we still feel His presence so strongly. Much singing, dancing and celebrating is happening and all what has to be done is filled with joy and laughter and when we all bow down for our gadharies then we are reminded to the beauty of this life and its beyond treasures. So we are sharing here in our commune this vision we have got from Bhagwan in many ways. He is with us and everybody is welcome to taste it.

Lots of love
