

August 3th 1983

To whom it may concern,

Bhagwan needs to stay in the USA.
The work he is doing there is a
miracle and a must for the whole world.

I was visiting Rajneeshpuram during
the Second Annual World Celebration and
with me 15,000 others. The festival runned
very smoothly and lovingly without any
aggression or fights, that's only because
Bhagwan is there.

What Bhagwan and his sannyasins did
in this Buddhafield in such a short time is
unbelievable.

I strongly request that he gets a
permanent visa, so he can go on with
his work.
