TO WHOM IT MAY CONCERN:

I have been visiting Rajneeshpuram from June 28 to July 11 83.

The love and the devotion from these people impressed me immediately. Never in my life I have been welcomed with so much care and openness. Soon I was feeling this peace and joy also inside of me. Once I had seen Bhagwan I realized that this silence and serenity was coming from Him.

I felt very happy in Rajneeshpuram, if possible I would have stayed longer.
