To whom it may concern;

There is nothing more that Bhagwan can say now. I have read his books and listened to his Truth on tapes in his own voice. I do not need to hear him repeat himself. My connection with him is a spiritual one. I get all I need and more just the way he is now. Please don't expect him to "preach" like the kind of man you're accustomed to here. He is a strong spiritual leader - and I'm proud to be part of him.

Sincerely,  
Ma Prem Gitanjali
