To Whom it may concern,

I would have you know that Bhagwan Shree Rajneesh said all he needed to say before I ever heard his name. I learn of this Enlightened Master in January 1983. I became a disciple March 20, 1983 and my love for Bhagwan is ever increasing.

It makes me sad to think this country, founded on religious freedom would want to deport this most loving religious leader.

Sincerely - Robert Spenceley
